WRECK AT ADELIA

Freight No. 50, Collides and One Man is Injured.

A wreck occurred at Adelia last night in which brakeman T. L. Harris was quite severely injured, his right arm being broken, the fleshy part of one heel torn off and a gash cut in the cheek.

Freight No. 50, with Conductor Armour in charge and Engineer Berry at the throttle, stopped to do some switching at Adelia. After the work was completed and the crew backed down to couple to the train a collision occurred with sufficient force to throw a half dozen cars off the track. The air brakes on the rear end of the train gave way and the cars rolled down the decline, but owing to darkness the crew did not discover this till they came together. Harris was on a water car and thrown fully twenty feet, receiving the injuries mentioned. He was brought to this city this morning and his injuries attended to, and he will fully recover.

Elks will Entertain This Evening.

The Benevolent and Protective Order of Elks will give a smoker at their club rooms this evening, commencing at 8:30 o'clock. Printed cards signed by members will admit friends and indications point to a large gathering. The Elks now have a membership of one hundred and new applications are coming in steadily. Before the end of the year the membership will exceed 150.

More Base Ball.

The Sheridan team and Alliance Fire Department boys will cross bats on the Alliance diamond Friday, Saturday and Sunday. The visitors are said to be "fast and furious," hence some interesting games are expected. The Alliance team will retain their present battery for another month at least.

New Hotel Assured.

C. L. Drake, of Guernsey, yesterday received deeds to the three lots one block north of the opera house and opposite the Times office, on which he will erect a three story modern hotel costing about \$25,000. The lots cost \$1,150, the corner one being sold by Mr. Reddish for what it cost him a few weeks ago and the other two were purchased from the Lincoln Land company. When the building is completed the citizens of Alliance will reimburse Mr. Drake to the amount paid for the lots. Mr. Drake informs THE HERALD man that the work of excavating will begin at once and he expects to have the building completed in about three months.

Kridelbaugh Succeeds Sage.

J. Kridelbaugh has been appointed to succeed L. S. Sage as station agent for the Burlington at Alliance and will probably assume his duties the first of next week. It was reported that Mr. Kridelbaugh would go to Sheridan in the same capacity and the announcement of his appointment at Alliance came as a surprise yesterday. "Uncle Jake" has a host of friends here who are pleased to see the family again up their residence in Alliance. Mr. Sage has not stated what his plans are for the future, but whatever they may be, the many friends he has made during his residence here will regret to see himself and family leave the city.

Saturday's Horse Races.

The horse races which took place last Saturday were decidedly interesting and a large number of spectators were present.

In the half mile running race, S. H. Desch's pony won first, Volley Wilson second and Zediker third. The half mile trotting race resulted as follows: Guy Lockwood, first; C. A. Anderson, second; E. E. Soder, third; H. H. Bellwood, fourth.

The trotting contest for green horses was won by Fred Nye, first; Frank Wilson, second; Claude Lester, third.

COUNTY POLITICS

Republicans Preparing for the Fray September 9.

The Republican convention, which is called to convene Sept. 9, promises to be a lively affair, if all persons secure nominations whose names are mentioned for the respective offices.

For the office of clerk, the names of W. A. Manchester, Alex Muirhead and C. C. Smith are slated, with the general supposition that the former will be nominated.

Dan W. Hughes is spoken of for treasurer and will probably be nominated unanimously.

For sheriff, Al Wiker and former Sheriff Sweeney seem to be most talked of, and for the office of county judge, Judge Bullock, Abel Hill and Judge Tuttle are said to be available timber.

It is also reported that Capt. Corbin will have to give way to a younger man as county chairman, several leading Republicans expressing dissatisfaction in the manner in which the campaign was conducted at the last election and expressing the belief that with a young, vigorous man at the head this year they can out the democrats. In this they may be mistaken, for while younger men might be found for the position, still it is no easy matter to win a victory with a divided army, such as the party in this county has been for years and with not the brightest prospects for improvement.

As a matter of fact, politics in this county this fall will be as heretofore, the most competent men coupled with personal popularity will be elected regardless of the party to which they may belong. And this is as it should be.

Therefore it behooves the Democrats if they hope to win this fall—and they do—to nominate their strongest men for each and every office, and if the standard bearers possess the qualities stated above to a greater degree than their Republican competitors, they will win the battle.

Good News to Buyers....
